

Alla oleva englanninkielinen artikkeli ilmestyi internetiin jo useita vuosia sitten. – Myöhemmin kuva poistettiin. – Artikkelin kertoo For the Sake Of Zion –nimisen amerikkalaisen kristillisen järjestön hankkeesta yhdessä Shuva Israel –nimisen juutalaisen rahaston kanssa. Päämääränä on kristittyjen ja juutalaisten yhteistyönä tuoda **miljoona** juutalaista Israeliin ja sijoittaa heidät Juudeaan ja Samariaan. – Siis arabien asuttamalle alueelle.

Kuvassa näkyy hankkeen tulevan “pääkaupungin” EINAV SAMARIASSA paikka. Punaisen merkin kohdalle on muurattu jo kaupungin peruskivi.

Hankkeen puheenjohtajana näkyy olevan ICEJ:n johtaja Malcolm Hedding, koska hänen nimensä on toimikunnan luettelossa ensimmäisenä.

Onko Jeesus antanut seuraajilleen tällaisen tehtävän? Hän ennusti juutalaisten hajotusta, mutta ei maininnut paluusta mitään! Vaihtuuko maailman evankeloiminen poliittiseksi hankkeeksi?

Tuleeko kristittyjen toiminnallaan syventää juutalaisten ja arabien välistä ristiriitaa?

**The following declaration was embedded in the cornerstone of our first permanent absorption center in Einav on April 3, 2000.**

“For the Sake Of Zion”, A Christian Ministry from the United States of America and the “Shuva Israel” Fund , a Jewish fund supporting projects in Samaria, Israel are cooperating in a joint effort to bring the Jewish People back to the land of their forefathers, the land of Israel.

The two organizations will work together to fulfill the words of Ezekiel 36 which speak of the restoration of the land of Israel and the return of the Jews to their ancient Homeland.

This unique association between Christians and Jews is committed to promoting and facilitating the “Aliya” (return) of 1,000,000 Jews to the historical biblical heartland of Israel – Judea and Samaria.

The laying of this cornerstone for an immigrant absorption center in the town of Einav in Samaria, validating Israel’s right to the land, represents the first joint project between “For the Sake of Zion” and “Shuva Israel”. The reality of this event will be the foundation stone of establishing many new communities where Jews, returning to their Homeland, will make their homes.
